Answer the dropdown: Certification Package

Using the dropdown menu select one of the following options:

- Package B- Lunch Option 2: Requiring a Simplified Nutrient Assessment for each menu type

HELP

This is the first step in Certification training, when you asked the question, “Do I have Nutrient Analysis Software?”

- *If yes, you chose the left side of the Certification Package Checklist and selected Package A, Option 1.*
- *If no, you choose the right side of the Certification Package Checklist and selected Package B, Option 2.*

If you choose Package A, you will be required to provide a nutrient analysis for lunch.

If you choose Package B, you will be required to provide a simplified nutrient assessment for lunch.

No matter which package you choose, you will need to provide information about lunch, breakfast (if applicable), your local wellness policy and the attestation.

Answer the dropdown: Which month does your one-week menu represent?

Using the dropdown menu, select one of the options:

- The current month will be listed
- The month preceding the current month will be listed

HELP

*Check the dates of the one-week menu you have selected to submit to ADE. This one-week **must** be in the calendar month the certification materials are submitted (present month), or in the month preceding the calendar month of submission.*

*If you cannot find the month that matches the one-week menu you have selected and prepared documentation for, you **MUST** select a **DIFFERENT** week to fit into the appropriate timeframe. If you upload documentation that does not match the month selected in this dropdown, your Certification Package will contain errors and ADE will not certify the package.*

When you submit prior to November 1, you'll only see one month (October) in this dropdown list.

October is the earliest month eligible for reimbursement, so it's the earliest month the system will display.

When you submit on or after November 1, you'll see two months in this dropdown because all documentation must reflect the current month of meal service or the preceding calendar month. For example, if you submit your package in March 2013, you will see both March (current month) and February (preceding month) in the dropdown. Please see Memo CN # 03-13, Question 31 for more information regarding appropriate month(s) for submitted a package.

If certified, the additional 6 cents will retroactively be applied to the month containing the one-week menu submitted.
